Forecast for Thursday 09 Jun 2022

Weather: Early low cloud soon clearing through the morning to leave bright or sunny spells for a time. Further cloud with mainly light rain and drizzle spreading in from the west by mid-afternoon, easing later in the evening but staying predominantly cloudy.

Chance of cloud-free hill tops above 800m: 10% early morning, improving 80% for a time from mid-morning. Decreasing again 20% from mid-afternoon.

Low cloud and visibility: Low cloud occasionally down to 400 m early morning. Few clouds and mainly above the summits from mid-morning to mid-afternoon before further low cloud down 400 m moves in with the rain. Good visibility occasionally moderate in rain, and very poor within low cloud.
